Acct # 2410508 Attn: Christina Huerta, Personal Banker

Deadline for all Orders is June 19th. No exception

Scott Sanders is the son of David and Pam Sanders. David and Pam have been members of the Lighthouse Charity Team since 1996. They have touched many lives over the years. We are now working to help one of our own in a long road to recovery.

Scott was in a victim of a life threatening motorcycle accident on March 27, 2009. He has many serious and critical injuries. Including massive head trauma, the loss of his right arm, many broken bones. He was in a coma for 23 days and then suffered a stroke a short time later. He is currently in and out of consciousness which only consist of a hand squeeze and occasionally opening his eyes. His road to recovery is going to be very long. We do not know the full prognosis as of yet, but we are hopeful.

Landen, Scott's three year old son still waits for the day to see his daddy again. He was employed at Bay Limited as a contractor at the time of the accident and unfortunately not covered under any medical insurance plan. Current estimate of medical expenses exceed \$500,000.
